

Matching Strengths & Careers

Acquiring a clear understanding of your strengths is vital to enhance the likelihood of choosing a career path that brings genuine joy and fulfillment. To embark on this journey, begin by identifying ten core strengths and how they manifest in practice:

	MY STRENGTH:	DESCRIPTION:
01	Example: Good with numbers	Example: I can do basic accounting for smaller businesses and work with data in Excel

In the second part of this exercise, you'll delve into your interests in potential jobs or careers. Utilize the tools above to browse through various options while considering important factors like salary range, required skills, education level, and future outlook. As you explore, make sure to fill out the necessary fields for each option, enabling you to make well-informed decisions.

What 10 careers/jobs do you think would fit your strengths? (add which strengths as well)

Matching Strengths & Careers

In this section, your focus is to narrow down the initial list of ten careers to the top three that pique your greatest interest. Keep in mind that these choices don't necessarily have to align perfectly with your current skills, as you can always learn and develop new ones along the way. So, take your time to evaluate each option carefully and select the ones that truly resonate with your passions.

Career/Job:

<p>01 What's most appealing about this career/job?</p>	<p>02 What would be your next steps if you'd enter this field?</p>
